

BESPAK
A Consort Medical Company

Apprenticeships

National Apprenticeship Week
5 to 9 March 2018

APPRENTICESHIP OPEN EVENING

Are you considering an Apprenticeship?

Our Apprenticeship training programmes have enabled individuals to develop and increase their skills whilst working for a company dedicated to world class supply of complex medical devices.

Come along to discover the Apprenticeship schemes available at Bepak. During the event, we will have a variety of departments in attendance and our current Apprentices to talk to you about the types of roles and career pathways available. We will be on hand to answer your questions and you will have the chance to try some hands-on activities where you can find out about the products we design and manufacture.

Thursday 8th March 6.00pm - 8.00pm

Bepak, Bergen Way, North Lynn Ind Est, Kings Lynn, PE30 2JJ

To register: <https://bespak-apprenticeship-open-evening.eventbrite.co.uk>
